

Dear [Name or "Community Supporter"],

I'm proud to serve as a captain for Phoenix Children's *We Got Heart*, our employee giving campaign, where employees across the organization join to support more than 170 programs and services funded solely or significantly by philanthropy.

Would you consider donating an **in-kind item or service** for our campaign fundraiser?

These donations inspire giving, help us reach our fundraising goals, and ultimately impact the patients and families we serve.

Your generosity will help ensure Phoenix Children's can continue to invest in people, research, technology, and programs that make world-class pediatric care possible for children and their families in Arizona and beyond.

If you'd like to participate, please complete the enclosed donation form and return it to me. Your business will be recognized at the event and will be featured to Phoenix Children's employees.

On behalf of my fellow employees and the children who will benefit from your generosity, thank you for considering this request.

With gratitude,

[Captain Name]

We Got Heart Campaign Captain

Phoenix Children's
